

## **Lisa Stiles-Gyllenhammer Teen Youth of the Year Brennan Jumbo**

*Brennan is an outstanding Boys & Girls Club member and volunteer. As a volunteer, he connects with other members on a leadership level. Brennan's future plans include becoming a certified welder. He was recently one of two students at skill center selected to take part in a paid welding internship. During the school year, Brennan referees for elementary and high schools sports. He plays varsity basketball for Mt. Spokane high school and works out regularly at the YMCA. In his free time Brennan shovels sidewalks free of charge for his neighbor .*

*Brennan is on the Honor Roll and maintains a minimum a 3.5 GPA. When asked what impact he would like to have as a potential National Youth of the Year. He replied; "I want students my age and younger to realize that the decisions that they are making now; are things that could side track their long term goals and dreams later." Brennan wants to inspire his peers by being an example that they to can pursue a skill and a trade. It's OK to dream for a career that may not include a 4 year university. It is a great honor and privilege to award Brennan the Lisa Styles Gyllenhammer Teen Youth of the Year.*
